

BURTON AND BOSS COX AT SWORD'S POINT OVER GUBERNATORIAL MUDDLE

Break Came at Conference Between Cox and Burton at Early Hour This Morning

COX LEFT CONFERENCE IN WHITE HEAT

Situation Still in a Chaotic Condition---No Selection Made for Permanent Chairmanship---Garfield Gaining and Harding and Thompson Also Loom Up Strong.

Columbus, July 26.—The gubernatorial situation is in a pretty muddle this afternoon. The big leaders appear unable to agree on any one to oppose James R. Garfield, the leader of Ohio progressives. On the other hand there are indications that any of the leaders may desert the others and throw his support to Garfield.

An intimation to this effect coming from the camp of Senator Burton appeared to send George B. Cox, Wade Ellis and the regular candidates for governor into a cold sweat. The growth of the Garfield boom is conceded to be the most important development of the day.

The fact that Cox has been unable to get Burton to support Judge Brown for governor and the failure of Wade Ellis, Arthur I. Vorys and other of the so-called administration crowd to center on anyone to beat Garfield helps Garfield's chances wonderfully.

Carmi Thompson and Warren G. Harding both have worked hard all day trying to swing the opposition to Garfield to themselves, but they have not made any material headway.

Columbus, O., July 26.—Senator Burton will not be the permanent chairman of the Republican state convention. He will sit at the head of the Cuyahoga county delegation and devote all his energy to the task of making the members vote the way he wishes. This fact has caused a serious break between George B. Cox and the Cleveland senator.

It was one of the big subjects discussed at the conference held in Burton's room and which continued until three o'clock this morning.

Every effort and every argument Cox could use were brought to bear on the senator and when the latter finally said "no" to the demand that he be permanent chairman Cox, according to reports, said some things that made Burton blush and that would not look well in print. Cox left the conference in a rage.

Having failed to hold Burton to an agreement which meant the delivery of the Cuyahoga delegation to Brown, Cox's candidate, Cox hoped to have Burton be given the permanent chairmanship which would take him away from his delegation and give Cox, whose seat will be just across the aisle from that of the Cuyahoga delegation, a chance to do some work with Burton's men.

The question as to who will be the permanent chairman is still unsettled.

Columbus, O., July 25.—When the bosses of the Republican party went to bed at daylight this morning after a night of many conferences they still were hunting for a man to beat James R. Garfield for the Republican nomination for governor. All the big leaders took a hand in the anti-Garfield game. The arrival of Garfield late in the afternoon and the giving out by him last night of an endorsement of President Taft sent Garfield's stock booming so fast that the opposition was plainly worried. The convention will be called to order this afternoon at four o'clock by State Chairman Walter Brown of Toledo. The keynote speech will be delivered by Congressman Longworth. Prior to this all the district delegations will meet at the state house and elect members of the different committees and a member of the state central committee. There are 1968 delegates in the convention. 624 votes necessary for a choice.

SEN. BURTON HAS 'EM ALL GUESSING

Columbus, July 26.—A report that Senator Burton intended playing off his strength to James R. Garfield gained ground today and "axed" con-

by the Ruggery conference and was the last man to join it.

When the conference broke up at 2:15 this morning it had been reached that no agreement had been reached to center on a candidate. Harding the Marion candidate, was more criticized than any other. The conference accepted as certain the defeat of Judge Brown and left Garfield, Harding and Thompson to fight it out.

WAYNE WHEELER AND BOSS COX GET HEADS TOGETHER

Columbus, O., July 26.—One of the interesting incidents of yesterday was the call made upon George B. Cox at his headquarters by Superintendent Wayne B. Wheeler, of the State Anti-Sabon League.

Mr. Wheeler, who is the political marshal of that powerful organization, was making the rounds of the headquarters and went with others in to see the Cincinnati man.

They had a brief chat. Mr. Cox explaining to his visitor that the reason for his support of Judge Brown was that he believed him to be the strongest candidate and not because of other matters attributed to him.

"Otto J. Renner, of Cincinnati, who represents the State Brewers' Association as legal adviser, saw the face of his patron emerging from the Cox rooms, and for ten minutes was in need of medical attention, his heart coming to almost a dead stop."

HAMILTON IS COMMITTEEMAN IN 17TH DISTRICT

(By Staff Correspondent).

Columbus, O., July 26.—The Seventeenth district delegates met at the board of agriculture rooms in the state house annex. George H. Hamilton of Newark was made chairman and R. C. Snyder of Coshocton secretary. Following is the report of the organization in the district: Vice president, Geo. White, of Tuscarawas county; credentials, J. E. Hentz, of Holmes county; permanent organization, T. L. Montgomery, of Coshocton; rules and order of business, D. E. Griffith, of Wayne; resolutions, A. B. Critchfield, of Wayne; state central committee, Geo. M. Hamilton, Licking.

JURY MAY REPORT ON WEDNESDAY

It begins to look now as though the special grand jury would conclude its "investigation" relative to the lynching of Carl Etherington on Friday night, July 8, in short order. It is understood in well informed circles that the grand jury has practically finished its labors.

There will be but few more witnesses called before it, unless something not now discernible, turns up, and a report is expected from that body Wednesday or Thursday. There is no hiding as to what the report will be or the number of indictments that will be found.

It is also understood from a reliable source that a number of Newark's most prominent citizens have given testimony before the grand jury during the past day or two that is considered most important, but aside from this nothing else is known. The people at large will welcome an early and prompt report from the grand jury.

LICKING BOYS OFF FOR THE BIG BATTLE

The Licking county delegation to the Republican state convention left on an early morning interurban car for that city Tuesday morning. All of them went with the exception of Dr. Clark B. Hatch, who was detained by professional engagements. Attorney Charles W. Montgomery going as his alternate. It was given out that the delegation was a unit for Carmel A. Thompson, although Garfield has some friends in the delegation in case Thompson does not prove the winning candidate.

Love may make the world go round, but it doesn't always seem able to make it ends meet.

BOY COLLIDES WITH AUTO; THIGH BONE IS FRACTURED

Charles Miller, aged 10 years, son of Frank Miller of East Newark, sustained a fracture of the right thigh Tuesday morning when he ran from behind a street car in front of the Catholic church in East Main street, and collided with an automobile being driven by David Taylor.

The injured lad was hurriedly picked up by the auto party and rushed to the Newark Sanatorium. Where he had been sent ahead of the auto and Dr. Schick and Sedgwick awaited the patient's arrival.

In the auto at the time of the accident were H. L. Madlock, county clerk, and J. K. Hamilton, local estate dealer, and they had been looking for some property in East Newark, being on their return trip to the city.

The victim of the accident was wearing a new suit and came from behind the street car. His head was bowed, his attention being given entirely to the boy.

The auto was moving at a moderate rate of speed not faster than 12 miles an hour according to the driver. The auto bump struck the boy on the thigh, just below the hip. He will recover.

TROOPS MAY BE CALLED IN STRIKE

Last Night's Rioting Will Probably be Repeated After Dark

CITY PRISON FILLED

Police Work Diligently But Mobs Not Dispersed Until Cars Stopped Running About 10 p. m.

INJURED IN STRIKE RIOTS.

Frank Sheets, aged 35, two scalp wounds from hammer blow 13 South Front street; Protestant hospital.

Perry Ebert, aged 19, gunshot wound in right thigh, Grogan; Protestant hospital.

I. T. Geiger, 12, electric shock, 84 McMillen avenue; taken home.

Charles A. Landacre, city detective cut and bruised about face; taken home.

Bernard Bergin, city detective, left eye torn, face cut and bruised; taken home.

Police Patrol Driver John Jackson, struck over head by bottle; condition serious; taken home.

Special Detective L. F. Beecher, several ribs broken by brick.

Conductor George Houdeshall, face and head cut by flying glass.

Mrs. Albert Taylor 578 West Broad street, knee injured by flying stone.

Police Chauffeur E. J. Hughes, struck over heart by glass bottle.

Columbus, July 26.—With the city prison full of rioters, several persons in hospitals and the saloons in town closed by order of Mayor Cassidell, the prospects today are that another day of rioting such as marked the street car strike here last night will result in the municipality calling for troops.

The local authorities are hoping such drastic action will not be necessary and are confident that the arrest last night of nearly 100 persons on charges of rioting and loitering will have the effect of preventing further serious trouble.

In spite of the demonstration last night when several street cars were put out of the commission and the entire police force and fire department called out to disperse mobs in different parts of the city, the Rail-Light Company early today resumed service on all lines, aided by newly-arrived strike breakers from Cleveland.

LAST NIGHT'S EVENTS.

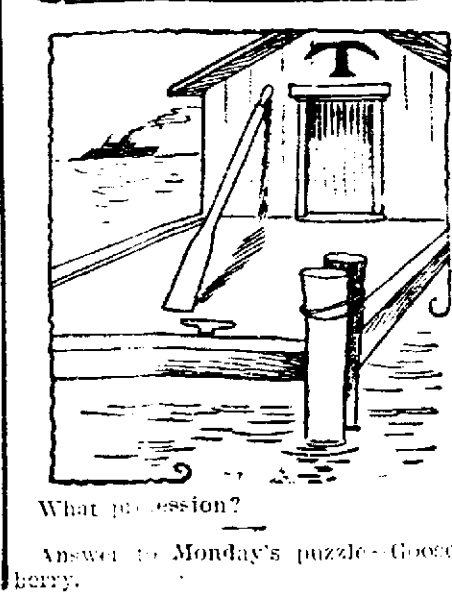

Columbus, July 26.—After a quiet day the police department had its hands full last night in quelling three small riots, the mobs being composed of sympathizers of the striking street railway employees.

The trouble first broke out at the West Side barns, where three police officers, one special detective and a nonunion conductor were treated roughly by the trouble makers. It was not necessary, however, to use much force.

Through the presence of mind of Mayor George S. Marshall, who was on the ground, four engine companies of the fire department were called. Streams of water were soon playing on the mob and at midnight all had dispersed. The second riot was at Parsons and Livingston avenues in the South End, and the third of West Goodale street.

At the West Side barns Detectives Clegg, Lohr and Barney Bergin were injured slightly by being hit on the head and in the face with brass knuckles. John Jackson, wagon man, was hit with a piece of brick, while the ribs of Special Detective (Continued on Page 8, Col. 3.)

CECELIA LOFTUS TO UNDERGO SURGICAL OPERATION IN LONDON

London, July 25.—The engagement of Cecelia Loftus for the last week in July at the Coliseum in this city has been postponed indefinitely owing to the fact that the actress must undergo a surgical operation. The announcement is a disappointment to London admirers of the American actress and causes much disappointment among her numerous friends on both sides of the ocean. In recent years the Cissy Loftus of earlier days, whose work made her famous as a merry little Thespian, has essayed and executed some of the most difficult roles in the legitimate drama. She has been leading woman for several famous actors. Miss Loftus is the divorced wife of Justin Handy McCarthy, the playwright.

THREE DEAD IN BIG HOTEL FIRE

Belfast, July 26.—The Hotel Kelvin, one of the leading hosteleries of this city, was totally destroyed by fire early today. Three persons were killed, three fatally and two seriously injured. Among the fatally hurt were Rev. W. M. McCaughan, (or Rev. W. L. McCarrighan) and his wife, Presbyterians, who recently arrived here from Chicago.

Montlough Castle, Sir Valentine Blake's seat in Galway county, was also destroyed by fire today and his daughter, Miss Blake, with two servants perished.

COUNTING COST MOB VIOLENCE

Cairo, Ill., July 26.—Counting the cost as the closing chapter of mob disturbances now in Cairo's portion. Carefully compiled figures fix the cash cost of the mob case just disposed of at \$40,000. With the retrospective is appearing a healthy anti-mob sentiment.

AUTO STRUCK BY TROLLEY

An automobile smashup that might have resulted seriously for the occupants of the machine, occurred on West Church street late Monday afternoon. John Sanford and Otto Raney were driving north on Sixth street in Mr. Sanford's new car, and at the junction of Church street the auto ran into a work train of the Ohio Electric company and the auto was practically demolished.

Mr. Sanford intended turning west on Church street, but a wagon coming from that direction made it impossible and he swung to the right. A flat car of the train was loaded with cross ties that projected over the street and the auto crashed into the ties and the front of the machine was totally wrecked.

Mr. Raney was thrown against the front of the machine and a bad laceration was cut in his leg. He was taken to the office of Dr. Conover, where the wound was dressed. Mr. Sanford received the machine the latter part of last week and had only driven on it a few times before the accident occurred.

SCOTLAND YARD INSPECTOR IN OCEAN RACE WITH CRIPPEN

Quebec, Canada, July 26.—Canada today is watching the cross the sea race between Inspector Dew of Scotland Yard and a pair supposed to be Dr. H. H. Crippen and Miss Ethel Levee with increased interest. Although the officials here declare that they have not yet been in wireless communication with the Montrose.

BUT LITTLE DISORDER IN SO. BEND

Cars Burned and Non-Union Crews Taken Off Trains

CONFERENCE AT TORONTO

Union Men May Demand That Other Roads Refuse Freight From Grand Trunk.

South Bend, Ind., July 26.—Outside of a few loiterers at the Grand Trunk depot and in the yards west of the city who spend their energy heeling strike breakers on passing freights, there is little excitement connected with the local end of the dispute between the company and its trainmen.

Despite the exaggerated reports to the contrary there has been no rioting at a really serious nature at any time excepting in the burning of cars Saturday night. There has been some indiscriminate shooting but this is not laid to the discontented former employees but to outsiders.

Crowds of several thousand gathered at both ends of the yards last night and while one group was being entertained by the police taking strike breakers off a train and presumably rushing them to the station house to forestall any possible outbreak at the other end amusement was provided by setting a box car on fire. Today freight and passenger trains were moving regularly.

INFANTILE PARALYSIS SPREADS

Washington, July 26.—A pallid and unphlussed by the rapid spread of infantile paralysis which, it is estimated, has struck down during the last week, an average of 10 children daily in Washington, local officials today appealed for aid to the Rockefeller institute for medical research in New York. Bacteriologists have not yet succeeded in identifying the bacteria of infantile paralysis.

ORGANIZE NEW POLITICAL PARTY

Washington, July 26.—A movement is in progress today to organize a National Transportation Workers' Political League with headquarters in this city. It is intended to unite members from all branches of transportation, steam, electric and marine and teaming for the political field. Special efforts are being made to form branches of the organization in Ohio, Pennsylvania, New York, Illinois and Indiana.

ONE KILLED WHEN CAR OVERTURNED

Charleston, W. Va., July 26.—By the derailment of a passenger coach which slid over an embankment, one person was killed, two seriously and several badly injured late last night at Beulah, on the Cabin Creek branch of the C. & O. railway. The dead: Romeo Curry, of Marmet, W. Va. The seriously injured: E. B. Pierce, assistant superintendent of the Corben Coal company, at Carbon.

C. O. Watson, of Kayford, baggage master.

All the persons injured were standing on the platform of the car as it was backing into a siding when the accident occurred and were injured by being thrown over the embankment with the coach, crushing them.

A man is generally supposed to be an old friend and a new friend.

MORMONS ATTACKED FOR INSULTING GOOD NAMES OF WOMEN

Huntington, Ind., July 26.—Following an attack by a mob on a number of Mormon elders who have been holding secret meetings here the Mormons were warned Tuesday against making inflammatory statements in their street preaching.

When one of the elders on the spot Monday night made statements held to be a reflection on Huntington's young womanhood the father of a girl in the crowd attacked the group of elders followed by a crowd of his friends.

The preachers were rescued by the police when threats of lynching were heard.

Behind the Screen

The O. P. League race is certainly a beauty and the teams are constantly switching position every day. There are only 26 points between the first and the eighth clubs.

Outfielder Lohr of Chillicothe is slated for release by the management. Lohr is accused of playing indifferent ball and the directors of the Babe Ruths will let him out as soon as another fielder can be secured.

Guy Sample has been a disappointment to the Chillicothe management and Ed Dickey, who joined the club Sample isn't too much rather in the world and his work hasn't been giving satisfaction.

There is an example of the speed of the O. P. and the State League. Sample was good enough for East Liverpool in the last game held on at Lancaster and has been sent to the Chillicothe.

Big game was sold by Marion to St. Louis and was against New York Saturday. The game was a very close one. He gave four walks, allowed two hits and had one wild pitch in the game.

First Baseman Gandy of the Dallas, Texas, team has been purchased by the New York City team. Gandy formerly played in the State League with Lancaster.

Pitcher Charles H. Ingworth was called to Lancaster this morning by Business Manager Gandy of the local club. Ingworth has been with Newark since the start of the season and was one of the best players to arrive here.

When that team gets to playing together, they are at Newark with out. They are the players, but they are not playing together. But in a week or two, the Molders will be in shape to give them all a finish fight. —Chillicothe Gazette.

"Litter" Williams, Newark friends will be interested to learn that he is the leader in the O. P. League list of pitchers. He is Canton's mainstay in the box, and has won 12 out of 17.

NEWARK CLUB GETS A LEMON

Catcher Lemon is the latest addition to the Newark club. He joined the squad this afternoon at Wehrle Park. An injury to Long makes it necessary to switch the batting order, which was done in today's game.

DIES OF BROKEN HEART.
Dayton, July 26.—Grief over the tragic fate of her brother, Edward Dunlevy, one of the victims of the railroad disaster near Middletown, July 1, caused the death yesterday of Catherine Dunlevy, 9 years old, who, since the tragedy, has been in an irrational state of mind. Her one thought was about her brother, whom she constantly called.

ANOTHER SUSPECT ARRESTED

Matters in police court are beginning to quiet down and the drivers of the patrol are not sorry for theirs has been a strenuous life for the past few weeks, and besides that it takes the best of care to keep the horses in condition, for the animals have little opportunity to rest.

One more suspect was taken in last night and as the county jail is full of prisoners, three women were transferred from the women's department of the jail to the same department in the city prison for room there is not at such a premium.

Charged with stealing a bicycle, John Friend was arrested Monday afternoon by Officer Callan and locked up in the city prison. In police court Tuesday morning he was given his hearing and was then bound over to the court of common pleas in the sum of \$300 by Mayor Ankele.

Sunday night the police made a raid on the resort of May Miller, Harrison street, for the purpose of seeing if the Rose law was being violated, but a careful search failed to bring to light any "evidence."

Heart and Home Talks

The Woman Who Lives Superficially.

She swept down the aisle at the concert and the silver card-case and silver purse she carried in her hand, an old cow bell. Everybody smiled. But she swept on, blissfully unconscious. Did not fashion say it was the proper thing to carry a silver card-case and a silver bag? Suppose they did sound like a cow bell! That didn't matter so long as she was fashionable.

She has plenty of counterparts. No matter how incongruous a fashion, how ridiculous it may be under some circumstances, many a woman will adopt it. No matter if a book is the veriest trash ever published, if it is advertised boldly as the best seller, if everybody is reading it, or is said to be, this sort of woman will eagerly peruse it. No matter how thin and wearisome a play is, she will sit through it, if it is the craze.

It is simply a case of living superficially, of taking her opinions ready-made. She doesn't think for herself. She lets others think for her.

A mythical "they" says skirts gathered in at the knees are fashionable; straightway she dons them. She doesn't stop to think whether they are becoming, whether there is grace and artistic lines about them, or whether they absolutely lack all beauty; whether they restrict her walk, perhaps, are injurious to health. "They" say "this" style is fashionable. That's sufficient. Her power of thinking never gets beyond this.

She lives exactly as her neighbors live. If it is the thing to give teas, she gives them. If bridge has the call, it's bridge. If this summer, everybody goes abroad, she goes. In everything, she is an echo.

DON'T ABUSE DOGGIE DURING THE HOT SEASON

Don't abuse a dog too insensitively if he happens to get "mixed up" in a fight with another dog. If you are convinced that the dog has actually gone mad, kill him. Chain your dog up in a cool shade place if he becomes vicious during dog days. If he is permanently so, kill him. Give your plenty of fresh water to drink. A healthy dog will drink every hour if he can. Don't give your dog too much meat in hot weather. Meat produces animal heat and the dog becomes delirious. DON'T DOGS BITE. Don't be cruel to fighting dogs. Grab them by the back and pull them apart. Striking an angry dog may cause him to bite. There is no more reason for dogs becoming infected with the rabies bacilli in summer than in cold weather. A dog must be infected with the germ by direct inoculation by biting, so don't let your dog roam and he will not be infected.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.)
Sun sets 7:17, rises 4:45; moon rises 10:11 p. m.

In all Ohio's history there never was a political party that had such a troublous time to nominate a candidate for Governor as our Republican brethren are having at Columbus. The leaders are perplexed beyond all conception in their efforts to pick a man who can beat Governor Harmon. The vexed fellows are in an awful turmoil.

THEY DID IT.

It was Ellis who was touted as the great platform writer in 1908, who carried a "rough draft" of the 1908 "model platform" for downward revision upward from Taft to Roosevelt, and from Roosevelt to Chicago.

It was Dick who wrote state platforms for years at Washington to be "tried on the dog" in Ohio, and who wrote yards and yards of campaign letters numbered all the way from one up to thirteen hundred and ten, to the great delight of all the g. o. p. voters in Ohio who didn't know any better and thought that Dick was just the cutest thing what ever was even if he did comb his hair by walking through the orchard with his hat off.

This year Dick and Ellis both took their platform effusions to the president to make sure that it would be a "model," yes sir, a model.

Then there is Jimmy Garfield, who spent several months when he was head of the bureau of corporations in the commerce and labor department under President Roosevelt examining the books, books, books, notes, tallies and tail of the best trust and made the marvelous discovery that the "model" was the miserable platform.

Only 50 cents profit on each animal slaughtered humanely, he also wrote a platform—but he didn't take it to Taft. His was a "progressive platform," declaring for a lot of things that Governor Harmon has done or would have done if a Republican legislature had not prevented. With a plank favoring a bill which President Taft tried to sand through the legislature last session and which Jimmy says Governor Harmon and the Democratic senators defeated because the Republican majority in the senate split up and refused to obey the president's orders.

Then along came Senator Burton with a platform that was "the Garfield's platform" although entirely toothless and perfectly harmless.

No wonder the Alton Beacon-Journal (Rep.) kicked on platforms being written in Washington. No wonder the people who knew everything were laughing at Garfield and other platform writers.

Nor is it any wonder that the voters of Ohio have made up their minds to kick into the waste basket all the platform claptrap jumbled together by Dick and Ellis and Garfield and Burton, or which Dick and Ellis and Burton cribbed from Garfield's proposed platform. A candidate for governor was nominated at Dayton who believes that a platform is a sacred pledge instead of a con-trivance arrangement to catch votes, who fills his platform promises who says what he means and does what he says; and because they like the platform adopted by the Dayton conven-

Harmon and Harmon's ticket, and Harmon's platform are a combination in which the people of Ohio have abiding faith as against anything that Taft, and Dick, and Ellis, and Burton, and Garfield, and Vorys and Cox, and Brown and Guilbert, and Herrick, and Hy Davis, and Phipps and their followers may say and do in conversion or during the campaign.

PROFIT BY EXPERIENCE

In the anti-convention mix-up at Columbus, Burton's backboneless position was described by a Republican paper as follows: "Burton, who at Cleveland was for all the candidates some, at Columbus was against all the candidates some."

That's Burton. He is always against everything some and for everything some, and everybody some and against everybody some but he is always ALL for Burton.

It was to put this man Burton into the senate instead of Foraker that a Republican legislature was elected two years ago at the same time that Judson Harmon was elected governor of Ohio. And just see how that legislature has bought Harmon from the start. Now Burton and all the g. o. p. bosses in Ohio, big and little, want another legislature of the same kind elected this fall to put Herrick and Brother Charles or Harry Daugherty or some other equally undesirable favorite of the bosses into the senate along with Burton and for whom Republican papers here in Ohio will be depending within a year as they are now alogging for Burton, and at the same time, such a legislature would continue the detrimental policy of hostility to Governor Harmon on partisan grounds.

Don't you think it is about time for the people of Ohio to elect a legislature that will be of some service to them in the way of working out important legislation along sound, practical and business-like lines as recommended by Governor Harmon, instead of electing a legislature that will consider its highest duty to be partisan service to the g. o. p. bosses?

The election of a senator is not the most important thing to be done by the next legislature. For from it anybody a Democratic legislature might send to the senate would be better than either Burton or Dick. But it is highly more important to have a legislature that will co-operate with Governor Harmon on important legislation, some of which was only partially worked out, some of which was imperfect some of which was deliberately mangled and emasculated, some of which was purposely omitted by the present legislature.

THIS AND THAT

Columbus now has two elephants on her heads—the g. o. p. state convention and the street car strike.

For the time being, at least, Columbus is "dry" territory. Mayor Marshall has ordered the saloons closed on account of the street car strike.

The Toledo Blade (Republican) suggests that we make it ex-Senator Dick and do it unanimously. The Blade has our affirmative vote.

Ten people were hurt in the street car rioting at Columbus last night. Newark isn't the only town with trouble on her hands.

The next Governor Harmon is to be elected next November, will be nominated at Columbus tomorrow.

During the last fiscal year 1,041,570 immigrants were admitted to this country, 296,774 less than the previous year. Of the million referred to, half furnished 223,451.

Senator Dick feels sure the Ohio Republicans are solidly behind him. It may be so, but a lot of them are pushing.

Newark has another one on Zanabaz. The Clay City is still at the bottom of the baseball hole, while we are now able to look down on Lancaster.

Japan's Yarkoo admiral, Henry W. Grinnell married Florence M. Ketch in Boston yesterday. The news value of the announcement lies in the fact that the admiral is 74 years old, while the bride is only 25.

The State Journal expresses the hope that nobody will be so imprudent as to arise in today's Republican convention and ask Senator Burton how his friend Senator Aldrich is. How about Senator Dick? He also voted with great regularity as the Rhode Island senator dictated.

MINIATURE ARMY WILL MANEUVER NEAR MARIETTA

The big maneuver camp of the Second Brigade, Ohio National Guard, to be held at Marietta and vicinity, opened Monday, and will last until Monday of next week. General Jno. C. Spence, of Columbus, the brigade commander, and staff went to Marietta to establish headquarters Saturday. The Fourth regiment, and the Second company signal corps, Columbus, passed through the city Monday in two special Pennsylvania trains. Company C, Fourth regiment, of this city, left Newark with the other companies. The company consisted of about 40 men under command of Capt. Verne Priest and Lieut. Lyman Beecher. The company was accompanied by Capt. Knauss, who will be in charge of the medical part of the headquarters during the encampment. Troop B of Columbus, also went down to Marietta Monday morning.

One regular army officer will attend the maneuvers, Capt. E. P. Holcomb, of the 10th U. S. Cavalry, military instructor at Ada University, who has been detailed by the war department for this duty.

About 2000 soldiers will be in the field. The maneuvers will be over a territory of five or six miles.

Major Seively, as the commandant will direct the work of both the ambulance and hospital sections. A field hospital will be established two miles from Marietta, and will be in charge of Dr. John B. Eckstorm, first lieutenant and assistant surgeon. Another hospital will be maintained at Marietta and will be in charge of Dr. Paul McLaughlin, first lieutenant and assistant surgeon. He will be aided by Dr. Thomas J. Johnson, just commissioned an officer in the medical department and assigned for duty with the Columbus command.

Recently there has been a most commendable effort on the part of a number of enterprising citizens, looking to the reorganization of our military company, and the result is that already a number of our best young men have added their names to the muster roll.

BREAKING OUT ALL OVER BODY

Itched Dreadfully. When Scratched It would Bleed and Become Very Sore. Could Scarcely Sleep as the Itching was Worse at Night. Dreaded Putting Hands in Water.

Used Cuticura Soap and Ointment 3 Weeks. Trouble Disappeared.

"Some time ago I had a breaking out all over my body. I first started itching, and then I had goose flesh and itched dreadfully. When I scratched it, it would bleed and become very sore. I tried all kinds of things for the relief, but nothing gave me much relief. I could scarcely sleep as the itching was always so bad. At night, I would wash dishes or do laundry work that required the use of hot water, and I was always worse. I was so sore I could not go to bed for about six months. Then I used Cuticura Soap and Cuticura Ointment, and in two or three weeks the trouble all disappeared. I have never had any more of it. I would recommend it to any one. ARE PEOPLE AUTO CRAZY?

White Plains, N. Y., July 26.—Westchester Bankers' Association believe the people of the United States are "automobile crazy" and that the bankers of the country ought to intervene to save their clients from this madness. At their annual convention held here this week the association passed resolutions directing its members to scrutinize carefully the application of those who want to borrow money on notes for the purchase of automobiles. The banks are to use extreme caution in discounting such paper. The bankers declared that hundreds of persons have put themselves in peril of bankruptcy during the past six months by mortgaging their homes or hypothecating valuable securities to buy machines.

CURE FOR SUMMER COMPLAINT

At no time of the year are the bowels put to a severer test than during the hot weather. Thousands become afflicted with "summer complaint," or running off of the bowels. The cause very often lies in the drinking of impure water, the eating of unripe fruit or tainted food. But whatever the cause it is useless to try to cure the trouble with an astringent remedy, opiate, or salts and such things. The bowels need not only a thorough cleaning out, but the stomach needs strengthening and give rise to vertigo. Thousands of families are using it steadily and thereby avoid all digestive troubles summer and winter. Buy a 50 cent or \$1.00 bottle today of your druggist and you will be surprised at the quick and lasting effects. You will find it a mild, gentle laxative, agreeable to young and old. Daddy's Bedtime

Story—The Children's Circus

It Was Only a Brahman

ONE evening just before story time came around Evelyn had a bright idea. "Daddy," she said, "when daddy says he is going to tell us a story tonight let's fix him. Let us fix him a story instead."

Jack thought that was a fine idea, but he said, "Why can't we tell daddy any stories. He knows them all. Just think how many interesting stories he has told to us."

But Evelyn said, "Let's tell him about the children's circus at Mrs. Brown's."

"That's fine," said Jack.

So when daddy said, "Come on, kiddies, I'll tell you a story," Evelyn answered, "No, daddy. We'll tell you a story this evening."

Daddy was greatly amused, and he said, "All right, I'm ready."

"The other day," Evelyn began, "we went over to Mrs. Brown's for the children's circus. All the children of the neighborhood were there. The circus ring was under the big oak tree in the back yard of the Browns' house. It cost two pins to go in to see the circus, and for the two pins you got a blue ticket. It read, 'Admit one.'"

"Tommy Brown was the showman, and he was a very good showman. He took us around to see all the animals."

"The first animal was what he called the beautiful ostrich of Arabia." He said: "Its wings are too small to fly with, so it uses them to run. Look at its long legs. The ostrich can run faster than almost any horse. Its tail feathers are very beautiful and are used to trim hats. They are dear. My big sister cannot afford to buy one for her hat!"

Daddy laughed at this. "What did Tommy's sister say to that?" he asked.

Evelyn said she wasn't there to hear it. If she had been there Tommy would have said it. "But it wasn't a real ostrich, daddy," said Evelyn. "It was only a Brahman hen in a box."

Then Evelyn and Jack told daddy about the lion in the circus, which barked just like a dog, and the swans, which looked like ducks, and all the other make believe animals that were in the circus at the Browns'.

"And who was the clown?" asked daddy, who thought the make believe circus must have been great fun.

"Why, daddy," said Evelyn, "Jack was the clown, but once while he was trying to tumble he fell and bumped his head, so he said he didn't want to be a clown any longer. And after that it was time for all the children to go to their own homes, so the circus ended."

Daddy said he had enjoyed the children's story very much. "I could not think of any story to tell you this evening anyway," he said. "Turn about is fair play, and I am glad you two kiddies had the idea of telling me a story. You must try to do it again some day."
